BE SURE OF GOOD DUCK HUNTING AND FISHING

Good hunting or good fishing is no longer a gift of the gods. The plain and simple fact is that you find hunting and fishing where there is sound and constructive food and cover propagation work being done.

**MORE FOOD
MORE DUCKS
BETTER SHOOTING**

You don't really need this sign to tell the Wild Ducks where to find food. Wild Ducks have a telescopic vision plus a good sense of reasoning.

Plant natural Wild Duck Food now and enjoy some good shooting next fall. Several kinds will produce a variety of foods, thus entice more Wild Ducks and they will remain for a longer visit.

Here are some good duck coaxers for planting now. Mail your order at once. We will acknowledge same and send complete planting instructions.
